

USB Type-C Test Adapters Plug & Receptacle

Capabilities

- 85 Ohm design
- Supports Thunderbolt Gen 3 speeds at 20 Gb/s per lane
- Flexible coaxial cables for ease of access to high speed signals
- 14 pin connector for ease of access to low speed signals

General Description

Our USB Type-C Receptacle TPA enables users to break out all of the high speed channels with as little impact on the signal as possible. This fixture is excellent for USB/Thunderbolt™ Pre-Certification. The USB Type-C Receptacle TPA is a flexible and robust tool essential for any lab working within the USB ecosystem.
